ABOUT HONGFENG

关于鸿丰

Zhejiang Hongfeng Precision Co. Ltd was founded in 2011 as a home appliances Manufacturer.

Hongfeng has focused on superior design, excellent innovation and high quality. To achieve these objectives, we cooperates with renowned international designers and recruited best experts in the industry, allowing to establish commercial relationships with major players and famous brands. And now there are 30 engineers and currently employs 480 people in our company. Nowadays, our business has expanded to more than 40 countries. And Hongfeng

overdid previous record of annual sales in USD45,000,000 in year 2021 for the first time.

The company has passed CE, ISO,FDA, LFGB, RoHs,BSCI certificats and patents Soda makers and blenders were the first categories produced and still represent the core business of Hongfeng. In recent years, other categories were invested, such as knife sharpeners and contact grills.

Co-developments and OEM projects are at top of Hongfeng strategy to customize products suiting them best.
